

Seaward Products

MANUFACTURING QUALITY COMPACT APPLIANCES FOR OVER 30 YEARS

GAS RANGES

Seaward Products has been manufacturing quality ranges for over 35 years. All gas ranges have features such as 100% safety shut-off devices, electronic ignition and porcelain oven interiors for easy clean up and consistent cooking temperatures. All ovens are thermostatically controlled for dependable even temperature throughout. Rated #1 by both *Practical Sailor* and *PowerBoat Reports* and are certified to ANSI Z21.57 standards. Some models are available with stainless steel or black doors and tops. Most Seaward ranges are available as gimballed or built-in models. Ask for details.

Model 2174

Overall size: 21-3/8W x 17D x 22-1/16"H

Cut-out size: Call Seaward for gimbaling information.

Shipping wt: 75 lbs

Model 2375

Overall size: 21-3/4W x 15-1/4D

x 22-1/16"H

Cut-out size: 20-7/16W x 14-11/16D

x 22-1/16"H

Shipping wt: 70 lbs

Model 3174

Overall size: 21-3/8W x 21D x 22-1/16"H

Cut-out size: Call Seaward for gimbaling information.

Shipping wt: 95 lbs

Model 3175

Overall size: 21-3/8 W x 21D x 22-1/16"H

Cut-out size: Call Seaward for gimbaling information.

Shipping wt: 95 lbs

Optional potholders (#93527) are available for all gas ranges

For the most current products and specifications go to www.seawardproducts.com

ELECTRIC RANGES

The Princess line of approved electric ranges are legendary, having been sold into the Marine, RV and domestic markets for more than 40 years. The Seaward "Euro" series offers features such as sealed burners and lift covers. All models are certified to UL 858 or CE standards.

Model 345

Overall size: 21-1/4W x 20-3/4D x 21-3/4"H
Cut-out size: 20-3/8W x 20-3/8D x 20-1/2"H
Shipping wt: 80 lbs

Model 3342

3 coil elements
Overall size: 21-3/4W x 19-7/16D x 22-1/16"H
Cut-out size: 20-7/16W x 18-7/8D x 21-3/8"H
Shipping wt: 93 lbs

Model 3343

3 solid disk elements
Overall size: 21-3/4W x 19-7/16D x 22-1/16"H
Cut-out size: 20-7/16W x 18-7/8D x 21-3/8"H
Shipping wt: 93 lbs

Model 3347

3 radiant elements
Overall size: 21-3/4W x 19-7/16D x 22-1/16"H
Cut-out size: 20-7/16W x 18-7/8D x 21-3/8"H
Shipping wt: 98 lbs

*Optional potholders (#93527)
are available for all electric ranges*

GAS COOKTOPS

Seaward LP cooktops are tested to the highest standards and are built to withstand all harsh physical conditions. All models have piezo or electronic ignition with a 100% safety shut-off system. Most tops are made of high-impact tempered glass with attractive graphics and are certified to ANSI Z21.57 standards.

Model G2277

Overall size: 21W x 16D x 3-1/8"H
Cut-out size: 20-1/4W x 15-1/4D x 3-1/8"H
Shipping wt: 25 lbs

Model G3278 Stainless

Overall size: 21-1/2W x 18-5/8D x 3"H
Cut-out size: 20-1/4W x 17-1/2D x 3-1/8"H
Shipping wt: 33 lbs

Model 2276

Overall size: 21W x 12D x 3"H
Cut-out size: 20-3/8W x 11-3/8D x 3"H
Shipping wt: 19 lbs

Model 2423

Two Burner Slide-in Gimbale cooktops
Gimbale in chassis with lock
Stainless Construction
Searail standard, cutting board is optional
Sealed burners, 100% safety controls
ANSI Certified
Overall size: 21-1/4W x 14D x 9H
Cut-out size: 20-1/2W x 13D x 8-3/4H
Shipping wt. 33 lbs.

Model 1273

Overall size: 10W x 12D x 3"H
Cut-out size: 9W x 11-1/8D x 3"H
Shipping wt: 10 lbs

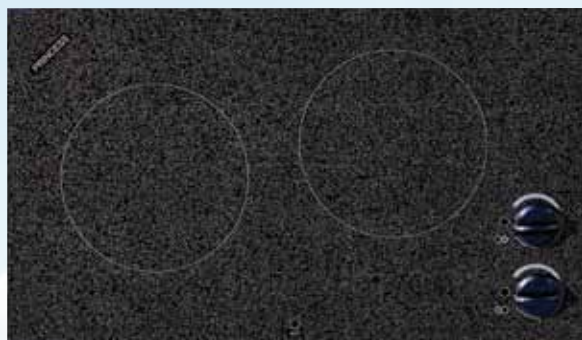

*Call Seaward regarding location and depth requirements for electrical connections.

*See charts on page 4 for searails and potholders to fit cooktops above.

WATER HEATERS

Seaward Products is a major manufacturer of Marine water heaters. Our heaters feature cladded aluminum tanks and hold down brackets, dual wall heat exchangers, and ignition protection with your choice of marine galvanized, stainless steel or white poly coated aluminum exteriors. Available capacities are 3-, 6-, 11-, 20-, and 28-gallons. Some models are available in horizontal or vertical. Models are available with or without heat exchangers. For models with exchangers, please specify front or rear hookup. See specifications for details. Seaward water heaters are UL or CE approved.

LP TANKS AND LOCKERS

Seaward Products line of marine grade aluminum LP tanks are made by the Manchester Tank Co., and are the latest quality products distributed by Seaward. All have brass valves and the federally mandated safety overfill protection devices. Seaward has two complete LP Locker Systems with either #4 or #10 cylinders, and also offers a complete line of LP accessories such as hoses, solenoids and regulator kits. Seaward now offers two composite LP cylinders. They are manufactured by the Lite Cylinder Company and offer features such as: light in weight, translucent, corrosion free.

MARINE & RV ELECTRICAL PANELS

ABOUT OUR PANELS

We design and build quality electrical distribution and control system panels for a variety of applications ranging from RVs, boats, trucks, and OEM panels. Seaward Products is proud of its reputation for quality and service gained over 31 years of supplying products to a demanding market. We believe in supplying what the customer wants. Our designers are available to help with design and application details.

PANEL TYPES - We make all types, including AC/DC Distribution, Generator, Engine Control and Monitoring.

PANEL MATERIAL - Panels are made from solid ABS plastic core precision cut and engraved on computer controlled machines offering precision dimensions and repeatability. Engraving changes or other upgrades are quickly accomplished. Mounting holes have nylon inserts to prevent installation damage.

SURFACES - Seaward uses many different surface colors and finishes including Matte White, Matte Black, Almond, Pewter, Wood Grains, Carbon Fiber, and Grids. Surfaces are UV finished and fingerprint resistant.

LIGHTING - Seaward has introduced a unique system of day/night lighting using surface mount LED's for our panels.

DAYTIME - All functions can be back lighted for ease of location. When the function is actuated, the nomenclature goes from one color to another color. This allows the user to easily scan the panel to see what circuits are on.

NIGHTTIME - Same operation except at night it is much easier to locate the desired circuit and nomenclature for actuation.

LABELS - Function labels used for our panels are replaceable, thus allowing the user the flexibility to add or delete functions.

WIRING - Complete wiring harnesses and cables. All of our panels and harnesses are wired to ABYC Standards.

ACCESSORIES - Seaward offers components and services such as: Instruments, Circuit Breakers, Switches and Lights.

MARINE & RV ELECTRICAL PANELS

UPGRADES / CONVERSIONS

HUNTER SAILBOAT OWNERS - We have Engine Panel upgrades to modernize your boat.

PB-2884 / PB-4020
Engine Panel

- For Hunter 300 Series yachts
- 2GM/3GM engines – PB-2884
- 3JH3E engines – PB-4020
- Remote tachometer with engine hour meter
- Dual tone alarm
- Overall size: 3.625W x 9.375H"

PB-4310
Engine Panel

- For Hunter 400 Series yachts
- Yanmar 4JH3E engine
- C-type panel
- Push button 'START' & 'STOP'
- Overall size: 10W x 6H"

YANMAR OWNERS - Replacement Engine Panels for engine type 3JH4E and 4JH4E.

PB-5302
Engine Panel

- For Yanmar engine type 3JH4E, 4JH4E
- VDO gauges with 5K tachometer
- Dual tone alarm with 2 foot pigtail
- Overall size: 10.05W x 5.52H"

ALBIN OWNERS - Replacement Engine Panels for engine type 3JH3E and 4JH3E.

PB-4567
Engine Panel

- For Yanmar engine type 3JH3E, 4JH3E
- Beede gauges with 5K tachometer
- Integrated alarm and warning lights
- Overall size: 11.25W x 5.625H"
